April 27, 1999.

Take notice that, on April 14, 1999, Kentucky West Virginia Gas Company, L.L.C. (Kentucky West), Nora Transmission Company (Nora), and **Equitable Production Company** (Equitable Production), One Oxford Center, Suite 3300, Pittsburgh, PA 15219, filed a petition pursuant to Section 1(b) of the Natural Gas Act (NGA), and Rule 207(a) (2) of the Commission's Rules of Practice and Procedure (18 CFR 385.207). The Applicants request a declaratory order stating that after transfer to Equitable Production, all of Kentucky West's and Nora's facilities will be nonjurisdictional gathering facilities and services, exempt from the provision of the NGA. All of this is more fully set forth in the application, which is on file with the Commission and open to public inspection. The application may also be viewed on the web at http// www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance.

Applicants state that service for existing shippers on the Kentucky West and Nora systems will continue under either negotiated contracts or default contracts. Applicants state further, that the tow year default contracts will have the same terms, conditions and service that Kentucky West and Nora are currently providing. Applicants state that all of the facilities are located in the Appalachian region and that Kentucky West's facilities have, for the most part been recognized as performing a gathering function.

Applicants state that Nora obtained certification from the Commission because it sought to be the link permitting the flow of gas between two interstate pipelines, Kentucky West and East Tennessee Natural Gas Company. Applicants state further, that if the declaration sought in this proceeding is granted, that Kentucky West's facilities are used for non-jurisdictional gathering after transfer to Equitable Production, the circumstances which made it necessary for Nora to obtain a certificate will have been eliminated.

Any person desiring to be heard or make any protest with reference to said application should no or before May 18, 1999, file with the Federal Energy Regulatory Commission, 888 First

Street, NE, Washington DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). Any person wishing to become a party to a proceeding or to participant as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required, or if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believe that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Applicants to appear or be represented at the hearing.
